MOTORS

ABOUT US

The company “Agason Motor Spares” was founded in Malawi in 1964, with a vision to enrich, innovate and provide value to the development of the nation. Established to provide grinding rice/maize milling machinery, precision engineering solutions and supply of auto vehicle spare parts. The company then grew to be a well reputable firm, recognized nationwide.

Over the years, with increasing demand for various products and services - Agason Motors was led to an expansion in order to meet consumer demands. This was successfully completed by introducing new sectors such as rice/maize hullers, diesel engines, generators/inverters, water pumps, electric motors, lubricant oil, tent and tarpaulins etc. The company takes pride in being an importer, retailer and wholesaler.

AUTOMOTIVE SPARE PARTS

Find genuine and aftermarket automotive spare parts for saloons and trucks, including engine components, tarpaulins and water pumps.

AGRICULTURAL MACHINERY

Explore our range of agricultural machinery designed to enhance productivity and efficiency on the farm. Our selection includes:

Maize Mills: Efficiently process maize into flour with our electric and diesel maize mills, renowned for their durability and performance.

Maize Hullers: Choose from electric and diesel maize hullers to efficiently remove husks from maize kernels, ensuring quality output for further processing.

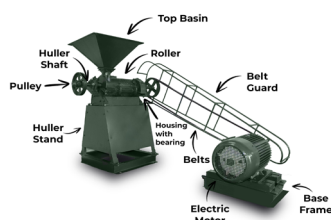

Diesel Engines: Power your agricultural equipment with our reliable diesel engines, built for durability and longevity in demanding farm environments.

Water Pumps: Ensure reliable irrigation and water supply with our range of water pumps, designed to meet the diverse needs of agricultural operations.

MAIZE/RICE MILLING MACHINERY

Agason has been a key manufacturer & supplier in this field since 1964 and still growing strong nationwide.

ELECTRIC MAIZE HULLER

Includes 15HP Electric motor & starter unit
Production: Over 350/500 kg's per hour.

Free installation.
Free operational training.

DIESEL MAIZE HULLER

Includes 15HP Diesel water cooled engine
Production: Over 350/500 kg's per hour.

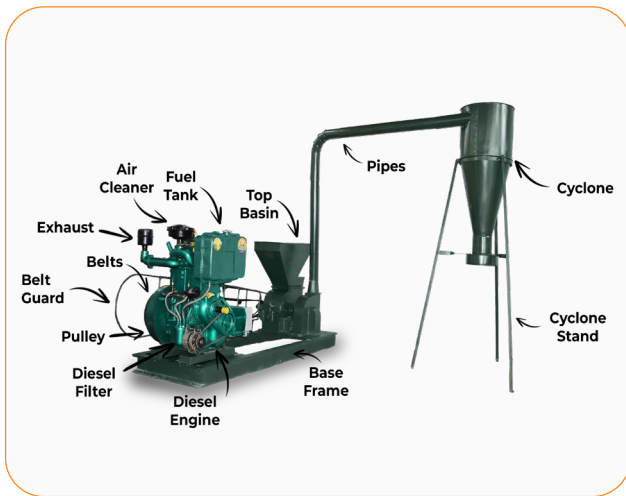

Free installation.
Free operational training.

DIESEL ENGINES

Power your agricultural machinery with confidence using our robust diesel engines. Ranging from Lister to Amec machines.

Available in various sizes.

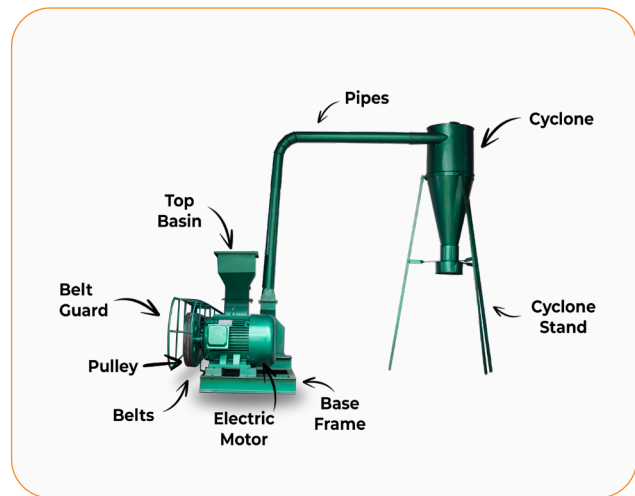

DIESEL MAIZE MILL

No. 10000

What's Included:

1 x Maize Mill with 26 Beaters, 1 x 28hp Diesel water cooled engine, 2 x Mill-motor belts, 1 x Belt guard, 2 x Pulleys, Tools, 1 x Heavy duty cyclone with connecting pipes, 1 x Base frame, Fastening bolts & nuts, 1 x Maize sieve.

Production Capacity: Over 600/800 kg's per hour.

ELECTRIC MAIZE MILL

No. 10001

What's Included:

1 x Maize Mill with 26 Beaters, 1 x 25hp Electric motor & starter unit, 3 x Mill-motor belts, 1 x Belt guard, 2 x Pulleys, 1 x Heavy duty cyclone with connecting pipes, 1 x Base frame, Fastening bolts & nuts, 1 x Maize sieve.

Production Capacity: Over 600/800 kg's per hour.

ACCESSORIES & PARTS

We stock a wide range of accessories for our mills/hullers, all replacement spares such as housings, bearing, v-belts, beaters, sefas are readily available for our machines.

WATER PUMPS

Reliable and efficient, our diesel engine water pumps deliver consistent water transfer and irrigation for agricultural applications.

ELECTRIC MOTORS

Explore our durable and efficient electric motors, perfect for various applications from powering machinery to driving pumps and generators.

REPLACEMENT PARTS

We offer a variety of replacement parts for all our agricultural machinery, ensuring quick access to genuine and aftermarket components for efficient equipment maintenance.

A WIDE RANGE OF

AMS PRODUCTS

Welcome to Agason Motors' exclusive line of AMS (Agason Motors Spares) products, meticulously crafted to meet the diverse needs of our customers. With an unwavering commitment to excellence and innovation, our AMS range offers top-notch solutions designed to keep you on the move, ensuring optimal performance and reliability for your vehicles, from small trucks to heavy-duty fleets.

LUBRICANTS

No. 12001

Keep your machinery and vehicles running smoothly with our premium lubricants. Formulated for maximum protection and performance, our lubricants reduce friction, minimize wear and tear, and extend the lifespan of critical components.

BRAKE PADS

No. 13002

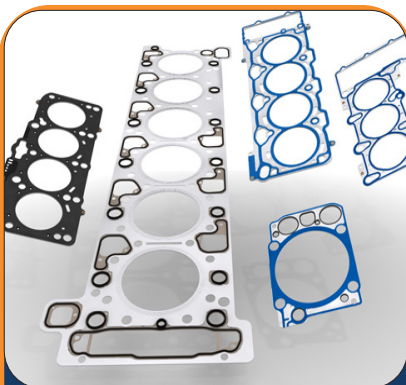

Ensure safe and reliable braking with our high-quality brake pads. Engineered to deliver exceptional stopping power and fade resistance, our brake pads offer consistent performance under various driving conditions, providing peace of mind and confidence on the road.

BATTERIES

No. 14003

Power up your vehicles with our dependable battery range, including NS40, N40, N50, N70, N100, N150, DIN66, DIN88, and various other models in stock. From small trucks to heavy-duty vehicles, our batteries ensure reliable starting power and uninterrupted operation for your fleet.

GASKETS

No. 15012

Seal the deal with our precision-engineered gaskets. Whether you need cylinder head gaskets or overhaul gaskets, our high-quality gasket solutions provide reliable sealing and leak prevention, maintaining optimal engine performance and efficiency for your vehicles.

AIR CLEANERS

No. 16801

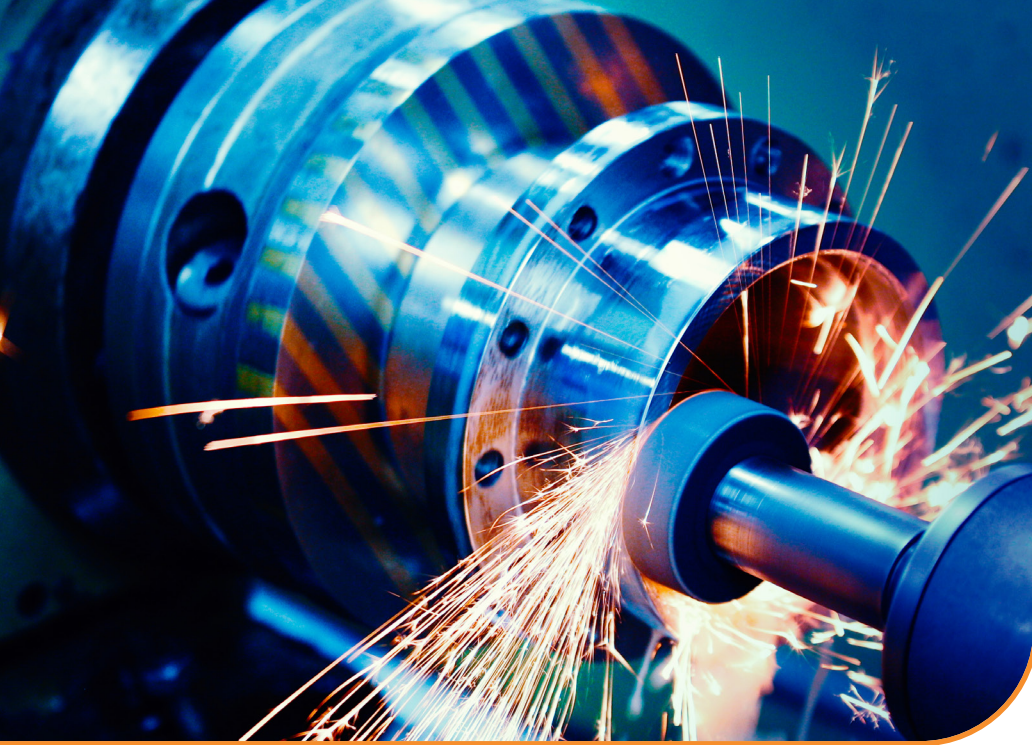

Breathe easy with our premium air cleaners. Designed to filter out contaminants and ensure clean air intake, our air cleaners protect your engine from harmful particles, extending its lifespan and preserving performance for maximum efficiency on the road.

OIL & FUEL FILTERS

No. 16921

Keep your engine running smoothly with our top-of-the-line oil and fuel filters. Engineered to trap contaminants and impurities preventing engine wear and damage, and maximizing performance and longevity for your vehicles.

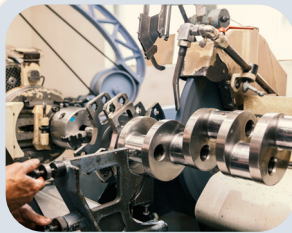

OUR VERY OWN

PRECISION ENGINEERING WORKSHOP

Step into our precision engineering workshop, where innovation meets excellence. With a dedicated team of skilled professionals, we specialize in crafting, repairing, and replacing critical components for various industries. Our commitment to quality craftsmanship and swift turnaround ensures your projects are handled with precision and care, every step of the way.

FOTON SPARE PARTS

At Agason Motors, excellence is our standard, and our commitment to quality extends to every product we offer. Explore our extensive selection of Foton parts, catering to various models including Tunland, View, Toano, Corolla, and more. With a diverse range of products in-store, we ensure that your Foton vehicle receives nothing but the best genuine replacement parts.

TOPTUL - THE MARK OF PROFESSIONAL TOOLS

Discover excellence in tool craftsmanship with TOPTUL® the trusted brand renowned for delivering premium quality tools tailored to the needs of professional users. Experience innovation and reliability like never before, as we unveil a range of cutting-edge tools, meticulously designed to elevate your craft.

APPLUS SUSPENSION PARTS - MADE IN TURKEY

Elevate your driving experience with Applus, a premier manufacturer and exporter of suspension and steering parts. With a legacy dating back to 1992, Applus has been at the forefront of delivering top-tier automotive aftermarket solutions. Our commitment to quality is unwavering, reflected in every meticulously crafted part that enhances performance and ensures safety on the road. Explore the Applus range and discover the difference quality makes in your driving journey.

THE HOME OF **AUTOMOTIVE SPARE PARTS**

Agason Motors stands as the ultimate destination for automotive spare parts, offering a premier selection of top-quality products sourced from around the world. Our commitment to excellence drives us to continually expand and diversify our range, ensuring that every customer finds the perfect solution for their vehicle needs.

CYLINDER BLOCK

Precision-engineered for optimal performance, our cylinder heads ensure efficient combustion and reliable engine operation, crafted to exacting standards for durability and longevity.

CYLINDER HEAD

Built to withstand the rigors of engine operation, our cylinder blocks provide a robust foundation for your vehicle's powerplant, offering exceptional strength and durability.

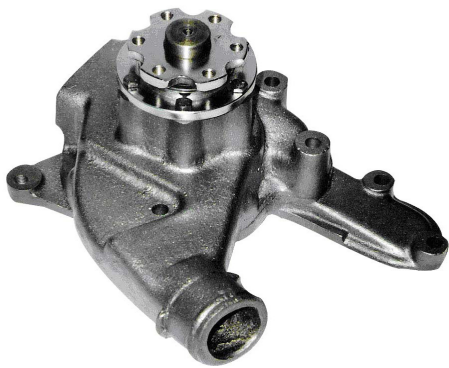

LINER KITS

Restore engine performance with our comprehensive liner kits, including high-quality sleeves and seals designed to maintain optimal cylinder compression and prevent fluid leakage.

CRANKSHAFT

Engineered for smooth and balanced rotation, our crankshafts deliver reliable power transmission and precise piston movement, ensuring efficient engine operation and reduced vibration.

WATER PUMP

Keep your engine cool and running smoothly with our range of water pumps, designed for efficient coolant circulation and reliable temperature control, essential for optimal engine performance.

TURBOS

Experience exhilarating power and performance with our turbochargers. Precision-engineered for maximum boost and efficiency, these turbochargers deliver increased horsepower and torque for an unmatched driving experience.

GASKET SETS

Available in overhaul, top, and bottom sets, these gaskets are manufactured to OE standards.

INJECTOR PUMP

Choose from inline or rotary injector pumps, engineered for optimal fuel delivery and engine efficiency

PISTONS

Available in various sizes and configurations to meet your engine's requirements.

BEARINGS

From main bearings to conrod and roller bearings, our selection ensures smooth engine operation.

SHOCK ABSORBERS

Shock absorbers for lightweight and heavy duty vehicles.

BATTERIES

Power your vehicle with confidence. Available in various sizes and models.

SLEEVES

Ensure precise cylinder bore dimensions with our quality sleeves. Available in stock or on order.

INJECTOR SENSOR

Monitor and optimize fuel delivery with our range of injector sensors.

JACKS (BOTTLE, SPIRAL & TROLLEY)

Our range provides safe and reliable lifting solutions Built to withstand heavy loads.

OIL & LUBRICANTS

Engine oil, grease, coolant, degreaser, transmission oil, ATF oil, CVT oil, marine oil, brake fluid, and more.

BULBS

Illuminate the road ahead with our range of high-quality bulbs. Available in 12V and 24V .

CRANKSHAFT/ CAMSHAFT SENSOR

Imported to meet consumer needs, available for a wide range of engines.

FILTERS

Maintain clean and efficient engine operation from oil, fuel to air and water separator filters.

UNIVERSAL JOINTS

Transmit power smoothly and efficiently with our range of universal joints.

CLUTCH PLATES

The best brands from around the globe to your doorstep. Only quality for your engine.

PRESSURE PLATES

Large range of pressure plates in stock with no compromise on quality, for your engine.

PISTON RINGS

We stock the widest range of genuine replacement piston rings for nearly all engines.

BRAKE PADS

Stop safely and confidently with our range of high-quality brake pads.

TRAILER PARTS

Couplers, lights, wheel studs, twist lock, slac adjuster, half shaft, drum, hanger & more

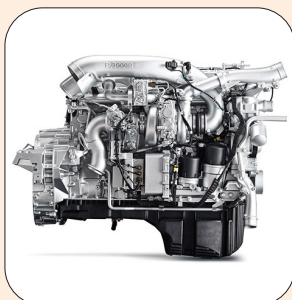

INJECTORS

Fuel injectors for all petrol and diesel engines.

TYRES

Ranging from trailer, motorbike, light vehicles, truck and tractor tyres.

COMPLETE ENGINES

Replace your worn-out engine with our complete engine assemblies. ADE, IVECO, ISUZU and more.

NYLON ROPES

Secure and tie down cargo with durable nylon ropes. Ranging from 3mm to 20mm nylon ropes.

AIR COMPRESSORS

Deliver consistent air pressure for a wide range of applications. Ranging from 25ltr to 500ltr compressors.

GENERATOR

We supply generators from 1kva to as large as you require. Petrol or diesel.

INVERTORS

Durable power backup facilities available. We also provide solar system setups.

CUSHION RUBBERS

Reduce noise and vibration with new cushion rubbers. Available for a wide range of vehicles.

LAMPS

Head lamps, corner lamps, tail lamps, bumper lamps, etc.

TARPAULINS

Protect your goods with our durable tarpaulins. Available in various sizes for storage and transportation.

HOUSING

Ensure proper bearing support and alignment. Bearing housings & pillow block housings available.

CYLINDER HEAD GASKETS

Over 500+ sizes and types available in stock.

TUBULAR BATTERIES

Power your property with confidence with tubular batteries specially made for invertors.

PIPES

Fuel pipes, water pipes, exhaust pipes, etc.

WIPERS

Ensure clear visibility in all weather conditions. A wide range of bosch wipers are waiting for you in store.

SPARK PLUGS

Ranging from small to big, iridium and double iridium available too.

SOUND SYSTEMS

Enjoy your drive with premium quality sound systems. Head units, subwoofers and speakers
